

Zolas Restaurant has the humbled honor to announce that we have been awarded “Pizza with Purpose”, presented to us by Saputo and The Canadian Pizza Magazine who have recognized our ongoing commitment and collaborating incentives with our community.

Zolas Restaurant, is also entering its 30th year in business; we wish to celebrate and acknowledge this award with our family, Zolas team, Bells Corners community & businesses, City of Ottawa and social group Ladies Who Lunch, who are just to name a few; we accept this, as we recognize that “Together We Support” and together we recognize the value in “Win Win”!

In addition we have been acknowledged by our peers within the Pizza industry, with regards to Chef Tony’s innovative and creative new pizza dough. We call it the BC Crust; the name has been chosen to represent our Bells Corners community and its Black Crust appearance. It’s not just cool looking, it is made with Indonesian Coconut Charcoal, and this ingredient has no odor or taste but promotes healing and good health qualities.
